

SP Solbianflex series **ALLinONE**

It's never been
so easy to get the most
from SunPower™ cells

Just connect the output cable to your battery.

- ✓ The SP series, top of the Solbianflex range, manufactured with selected SunPower™ monocrystalline silicon cells, reaching a record 23% conversion of sunlight into electricity, in a new **ALLinONE** version: solar panel + charge controller
- ✓ All the electronics you need is already packed into the rugged waterproof metal box: a sophisticated MPPT controller capable of boosting the voltage for a perfect fit to your battery.
- ✓ SunPower™ cells represent the most advanced available technology on the market, and make the Solbian SP series the highest efficiency flexible panels.

SP Solbianflex series

ALLinONE

SP 23 ALLinONE

SP 47 L ALLinONE

SP 47 Q ALLinONE

SP 72 ALLinONE

From the smallest 23W model, ideal to keep your battery charged, to the 72W panel, with enough power to supply the refrigerator on your caravan or boat. The **ALLinONE** models can be combined simply by connecting each of them directly to your battery, each panel being completely independent from the others, thanks to the integrated charge controllers.
